

KURNELL COMMUNITY UPDATE

Ampol would like to acknowledge the Gweagal people as the Traditional Custodians of the lands where the Ampol Kurnell Terminal is located, and pay our respects to Elders past, present and emerging.

Ampol Kurnell Community Fund

Time is running out to submit your application to the Ampol Kurnell Community Fund. The fund aims to improve local amenities and positively impact the lives of Kurnell residents.

Community groups and organisations can apply for funding up to \$20,000 for projects that will be implemented within the next 12 months.

Applications close 5pm Friday 15 September and can be submitted by going to www.akcf.com.au

Kurnell landfarm

In 2022, an independent study conducted by "The Odour Unit" identified the landfarm as a key source of odour due to wet hydrocarbon sludge that was stored at this location.

Since mid-2022 we have expedited the drying of this material and are pleased to confirm that all material has now been removed from the site.

Moving forward, the landfarm will no longer be used and is now in the process of being decommissioned, which involves removal of the landfarm liner and bunding.

We continue to make improvements across the site to mitigate impact from our operations and we will keep you updated of our progress.

Reminder - community information pop-up

We recently advised in our August 2023 Kurnell Community Update, that a strategic review is being carried out to look at what opportunities exist for a section of remediated land at our Kurnell site. Aligned to our Future Energy and Decarbonisation strategies, one option we are exploring is a grid scale battery.

Community consultation is important to us. We want to engage with residents, local businesses and community groups and ensure you have the opportunity to provide feedback.

To find out more or to speak to a member of the project team we invite you to attend our pop-up information session:

Date: Saturday 16 September 2023

Time: 10am – 12pm (drop-in at any time)

Location: Marton Community Hall, 92 Captain Cook Drive, Kurnell

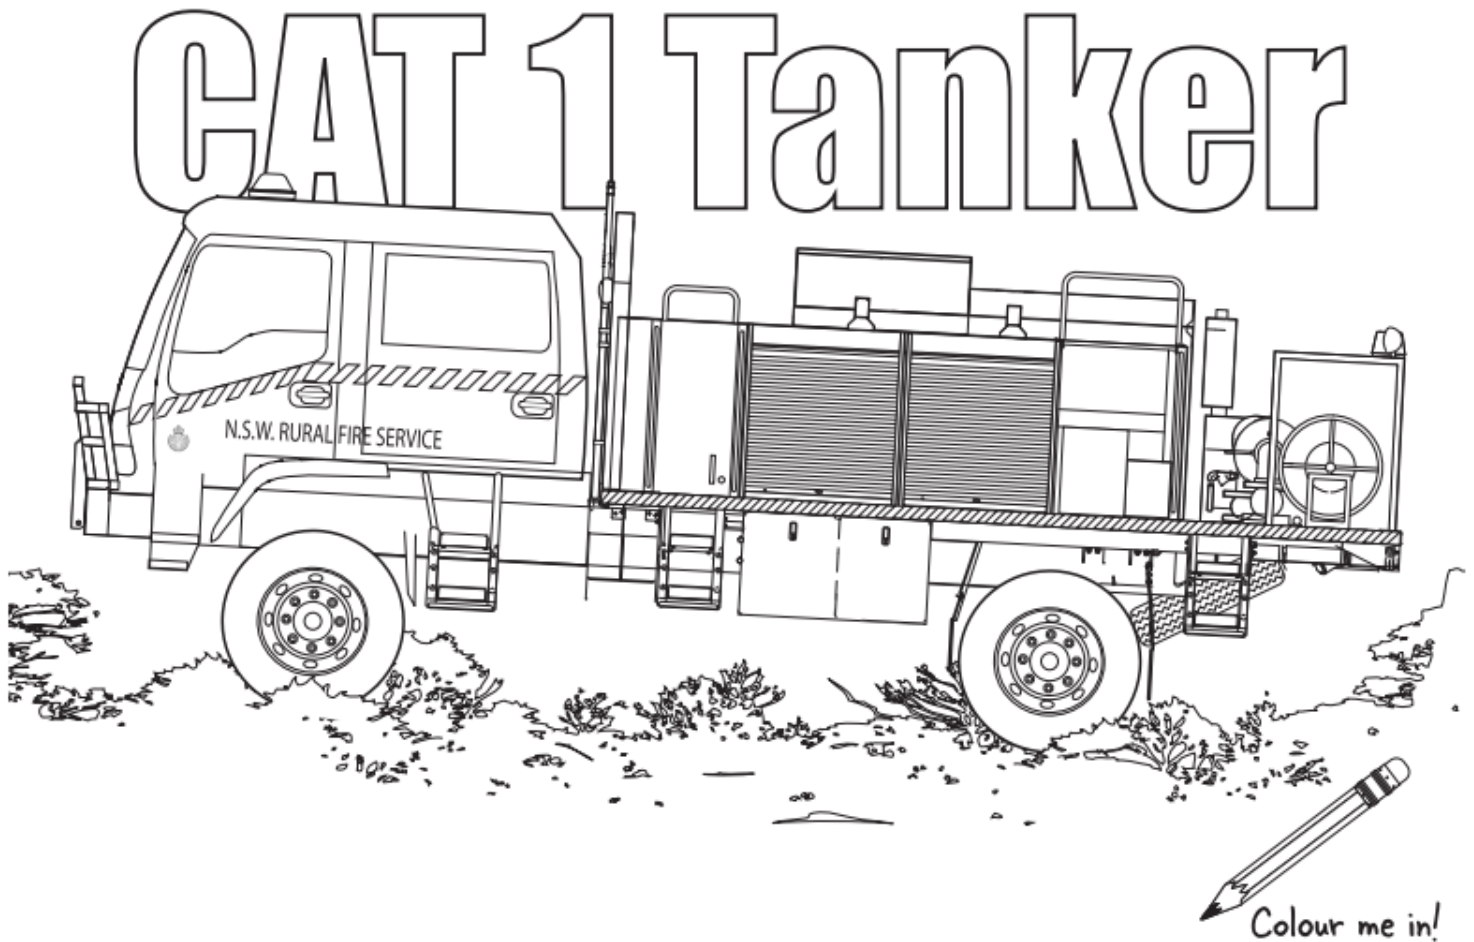

To help us better understand the Kurnell community during this review, please scan the below QR code to complete a short survey.

Get Ready Weekend - Kurnell Rural Fire Service

As part of Get Ready Weekend, the Kurnell RFS Brigade Station will be open from 9am - 1pm on [Sunday 17 September](#). Everyone is welcome to drop in, say hi to members and get some tips on how to be prepared during a bush fire.

After several years of wet weather, the risk of bush fire is returning. Residents are encouraged to trim, mow, remove, clear and prepare to make their home and garden more likely to withstand a bush fire.

For the chance to win a \$50 Westfield gift card, simply colour in the Kurnell Cat 1 Tanker and bring it along to the Kurnell RFS Get Ready Weekend Open Day on Sunday 17 September.
